

Glastender®

LETTUCE CRISPER

Features

Ensure Crispness

For cool, crisp salads every time - our lettuce crisper features forced air refrigeration to ensure uniform cooling of lettuce.

Reduce Product Waste

Lettuce crispers have a removable plastic bin which prevents lettuce from drying out and becoming inedible.

Easy to Clean

Stainless steel construction with radius interior corners make cleanup simple and effortless.

Flip-Up Access

The chute features a lift-up stainless door to allow quick access to the shredded lettuce stored in the removable plastic bin.

Hassle-Free Maintenance

Industry exclusive auto-defrost cycle saves time and money by eliminating the excessive steps and mess involved with a manual defrost.

Digital Thermostat

Temperature control with automatic defrost is easily visible.

Simple Installation

The 16-gauge galvanized steel back includes an integral channel for mounting the unit on the factory supplied wall bracket.
