### Have An Idea

Come up with a foodservice equipment need that hasn't been filled, that YOU have the solution for.

### Write It Down

Describe your new foodservice equipment idea and explain why it is needed.

### Sketch It Out

Make a simple sketch or line drawing of what the foodservice equipment will look like.

### Submit It

Visit our website and submit the form. Be sure to upload your drawing!

### Final Drawing

1. Tubing and angles are extruded from Primary Grade Aluminum using our extrusion press.
2. Extrusions are cut to length.
3. Parts are drilled, punched, bent and deburred before they head off to be welded.
4. Pieces are checked and measured carefully before being welded together.
5. Products are showered before final assembly and boxed for shipment.

Watch a video of the complete process.
